

LC PRIVACY FILM

A RETROFIT PRIVACY SOLUTION

Innovative Glass offers **LC Privacy Film**, a self-adhesive privacy solution for existing windows when replacement is not an option. Our retrofit film uses a proprietary surface-applied adhesive combined with our top quality LC film material, resulting in a switchable product that delivers privacy on demand.

Just like our laminated LC Privacy Glass, LC Privacy Film eliminates the need for window treatments, and gives you the ability to control your privacy, instantly switching from a transparent to a private state at the flip of a switch, or by mobile device, or hands-free voice command.

APPLICATIONS INCLUDE:

- RETAIL WINDOW DISPLAYS
- OFFICE WALLS
- OFFICE WINDOWS & DOORS
- CONFERENCE ROOMS
- HOME ENTRANCES
- SKYLIGHTS & SLOPED WINDOWS

LC PRIVACY FILM FEATURES

- A cost-effective alternative to full glass replacement
- Provides full on-demand privacy
- Helps reduce sun glare and heat gain, and blocks 99% of harmful UV rays
- Always allows natural light to pass through, even in the private state
- Provided as pre-wired, pre-cut pieces in custom sizes and shapes, ready for installation — New York tri-state area installation available
- Offers design flexibility along with comfort, security, and energy-efficiency for both Commercial and Residential applications
